

Please Check Your Audio Setup

The image shows a Zoom interface with a dark header bar containing 'Audio Settings', 'Q&A', 'Chat', and 'Raise Hand'. A red arrow points from a red-bordered box below to the 'Audio Settings' button. The box contains the text: 'Select "Audio Settings" to check your audio setup.'

Below this is a screenshot of the Windows 'Settings' application, specifically the 'Test Computer Audio' window. The left sidebar shows 'Audio' selected. The main area has a yellow callout: 'Click Test Speaker to make sure you can hear others'. Below this are two sections: 'Test Speaker' and 'Test Mic'. Each has a volume slider and a dropdown menu. A red-bordered box with text 'Use the "Test Speaker" or "Test Mic" to check your speaker and mic (or headset).' has arrows pointing to the 'Test Speaker' and 'Test Mic' buttons. Another red-bordered box with text 'Select the dropdown to pick your speakers and mic' has arrows pointing to the dropdown menus for both sections.

Research & the QM Rubric

Asking Questions in the Webinar

Audio Settings Q&A Chat Raise Hand

Select Q&A to ask a question during the session.

Enter your question in the Q&A dialog box. When you are finished select the "Send" button

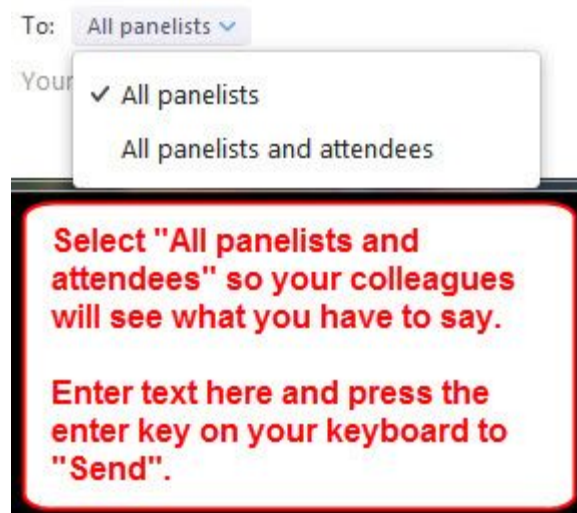

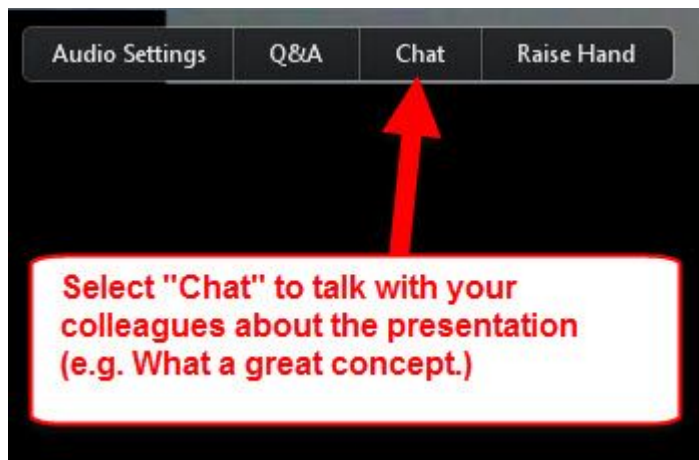

Do you pay your internal reviewers a stipend? And if so, how much?

You asked: 12:21 PM
Do you pay your internal reviewers a stipend? And if so, how much?

Send

You're question will appear in Q & A. Panelists can answer "live" or in the Q&A box. Leave this open during the session. You can drag it to the side.

Let's Chat . . .

Speakers for Today's Webinar

- Brenda Boyd, Senior Academic Director: Program Services, QM
- Barbra Burch, Manager of R&D, QM
- Wade Lee, Electronic Information Service Librarian, University of Toledo
- Kay Shattuck, D.Ed., Director of Research, QM
- Bethany Simunich, Ph.D., Director of Online Pedagogy and Research, Kent State University
- Whitney Zimmerman, Ph.D., Assistant Teaching Professor of Statistics, Pennsylvania State University

Other Analyses

- Courses designed to meet QM
 - 70% more likely to meet Standards in first review
- Internally pre-reviewed courses
 - 42% more likely to meet Standards in the first review
- Course review scores higher when Course Developers had QM professional development

Helping you deliver on your online promise

We Hear You: Data from the QM Community

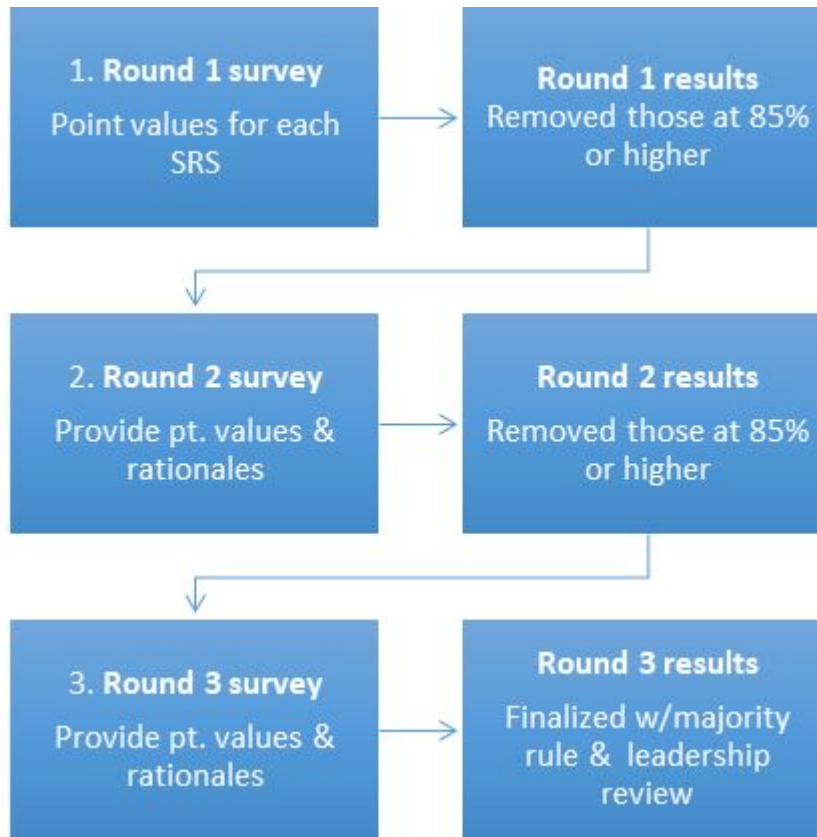

QM Community Survey on the Fifth Edition

- 80% said the Rubric works well
- Written feedback emphasized strengthening and prioritizing GS 8 – Accessibility and Usability

Determination of SRS Point Values

- Delphi survey - using RC & LC expertise and familiarity with the new Rubric
- 3 Rounds:
 1. Initial point value assignment
 2. Point value assignment w/rationales
 3. Point value assignment w/ rationales

The QM Rubric *IS* Research

- Theory-driven with empirical research
- Evidence-based data from applications
- Triangulating evidence during validation processes

Historical Framework

Initially setting & validating quality standards

- MOL Consortium FIPSE Grant (2003 - 2006)

Establishing & maintaining an official review process, yet encouraging adaptation (with credit) to meet local needs

- <https://www.qualitymatters.org/qa-resources/resource-center/articles-resources/internal-reviews>

Continuous Data Collection & Analysis

Systematically collecting & analyzing data on:

- Review applications
- Standards met/not met during Reviews
- Post-review feedback

...for continuous improvement & effectiveness

Recapping: Research and the Rubric

Data generated & organized

- Analyse & evaluation of scholarly lit ([QM Library](#))
- Statistically recognized patterns from Rubric application data
- Compilation of fit-for-purpose feedback from QM Community

Expert members of the Rubric Committees then

- Integrated these diverse data when evaluating each Standard & Annotation in the Fifth Edition
- Reorganized, & when necessary, reworked new Standards & Annotation into the Sixth Edition

QM Rubric (Standards & Annotations) is the
outcome of Research

QM Rubric is then a *validated research tool* to
assure quality course design of an online or blended
course

Quality Matters (QM) is an international non-profit organization that provides tools and professional development for quality assurance in online and blended learning. When you see the [QM Certification Mark](#), it means that courses have successfully met QM Rubric Standards for Course Design in an official course review.
