# The Pursuit of Clarity:
## An Instructional Model
of Learning

Examples of 1st Iterations of Instructional Models
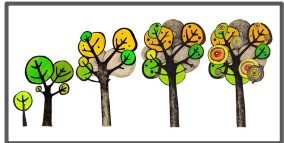

Considerations for designing an Instructional Model

Graphic Organization Representation Works best to get "big ideas"

at are the "Essentials" for your instructional model

Design for present focus as well as future growth

Elements essential to our Instructional Model:

➢ Context
➢ Content
➢ UDL Principles
➢ **Implementation**---> Evaluation---> **Instruction** --->Feedback = **Guaranteed Viable Curriculum (GVC)**
➢ Quality Matters Standards
➢ National Standards of Quality for Teaching
➢ Vision, Mission, Goals

Share your group's Instructional Model Iteration

1. What did you determine as your essentials for your model?
2. What areas of your instructional model do you feel are already being done with fidelity within your organization? How can you celebrate?
3. What next steps has it brought to the forefront?
4. How will you move forward? and/or How do you plan to utilize?
