Online Quality Assurance Team
New Mexico State University Alamogordo

Sherrell Wheeler

Director of Online Quality Assurance

Christine Trapp

Professor of Nutrition and Chemistry

Kim Lopez Gallagher

Professor of Philosophy, Political Science, U.S. History

Laura Klose

Instructional Consultant

Karen May

Adjunct Instructor

Outcomes

01 Identify types of training sessions that will benefit faculty teaching online and hybrid courses.

02 Begin planning content for a training session for those teaching online and hybrid courses.

03 Reflect on how to incorporate a training plan at your campus.

Background Information

Implementation

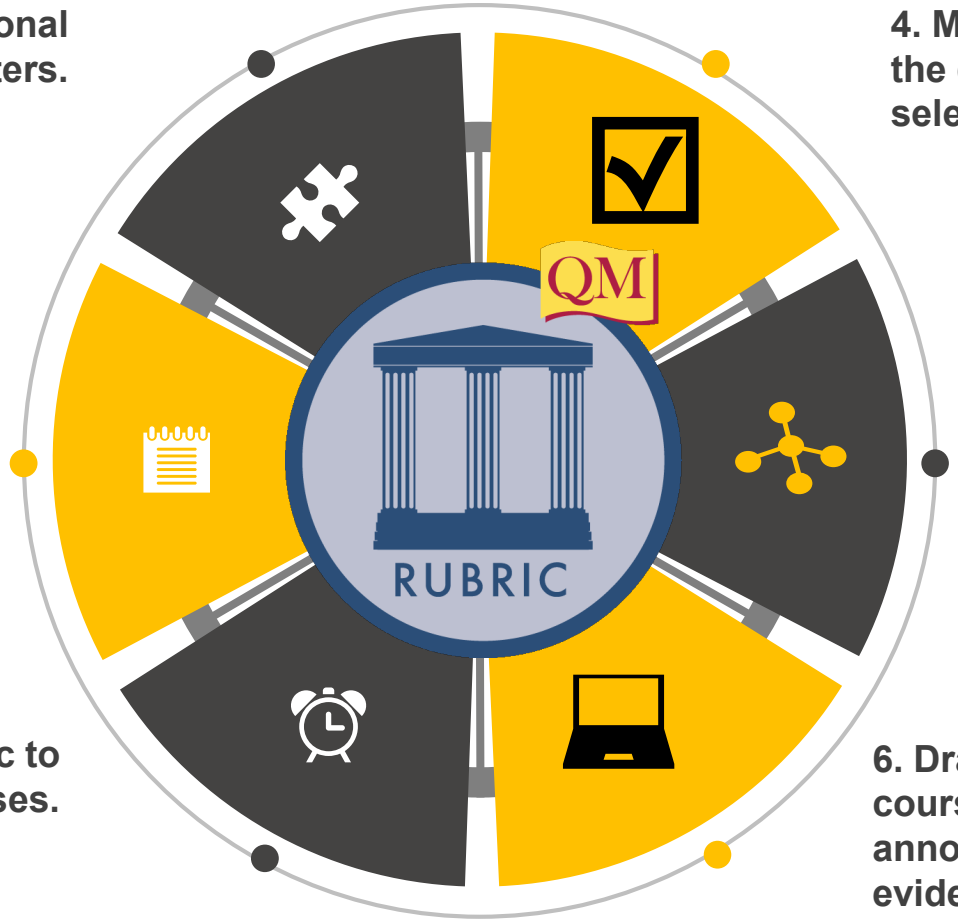
Resistance

APPQMR Learning Objectives

1. Recognize the foundational concepts of Quality Matters.

2. Identify the critical elements of the QM quality assurance program, including the QM Rubric, materials, processes, and administrative components.

3. Apply the QM Rubric to review online courses.



4. Make decisions on whether the demo course meets selected QM Rubric Standards.

5. Apply the concept of alignment.

6. Draft helpful recommendations for course improvement by citing annotations from the QM Rubric and evidence from the course.

Independent
Certified Online Facilitators

APPQMR Online Facilitator Certification (AOFC)

- Fee with Membership
- Single Registration

$500

- Lead member of a System Subscription
- APPQMR Online Facilitator
- APPQMR FTF Facilitator

FREE

Certification Course must be used during the first year of membership

Online Teaching Course

Demonstrating the design of a QM-approved course reinforces for faculty the need for consistency in course design.

Model a QM – approved course

- Employ the module format for content.
- Utilize the required homepage.
- Include a Start Here module.

Online Teaching Course

Design

- Formative and summative assessments
- Writing discussion questions

Design

- Writing discussion questions

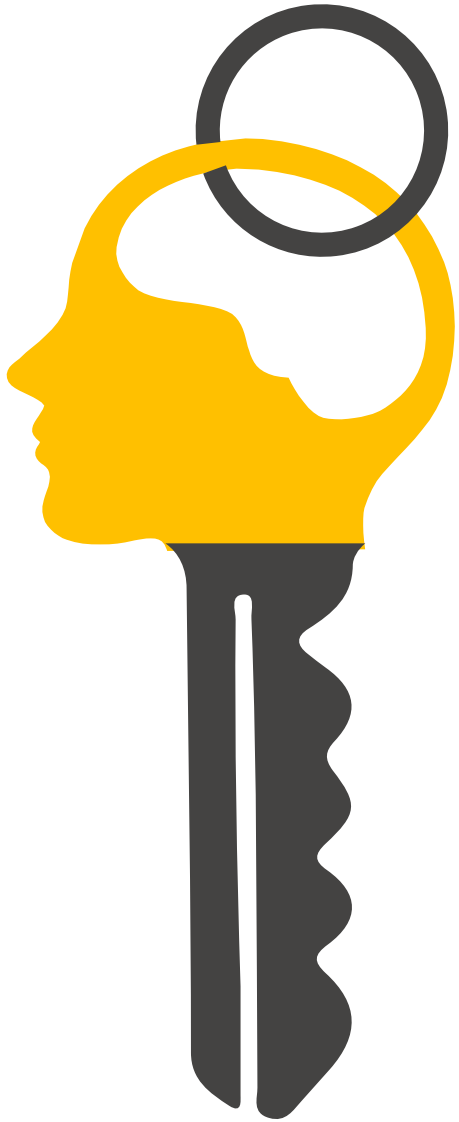
Delivery

- Delivery Standards – Presence in the online classroom

Delivery

- Self-preservation – Faculty setting clear parameters to manage their time working within an online course

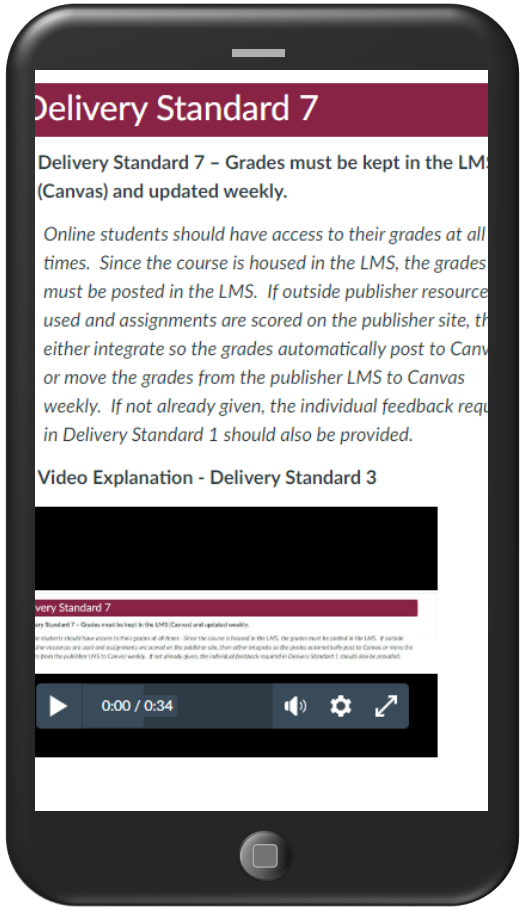
Canvas Training Workshop



- Online over two weeks
- Facilitated by Canvas Administrator

- Basic Canvas skills (Should just be teaching courses already designed)
- Can waive

Online Delivery Standards Training



Mandatory Annual Training

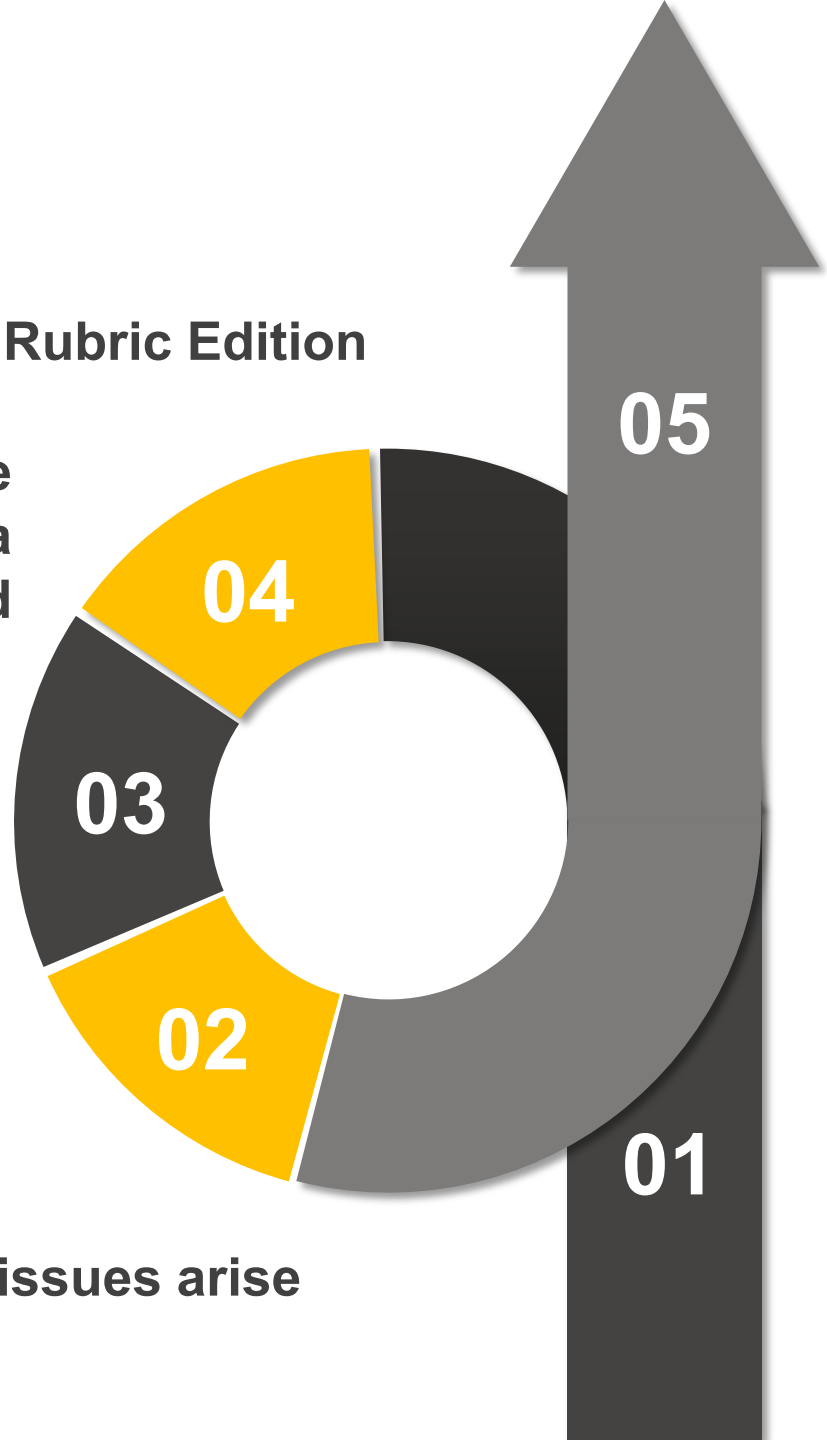
Faculty who teach online and/or hybrid courses
Facilitated through Canvas by Director of Online

Each Standard Includes

- **Delivery Standard**
- **Annotation**
- **Short Video**
- **Quiz Over the Standard**

Must get 100% before moving on
Must sign a memorandum of understanding

Other Training Sessions



Questions?

What professional development can you offer/require?
What resources do you have that you can utilize?
What obstacles do you anticipate having to overcome?
What is your plan?
